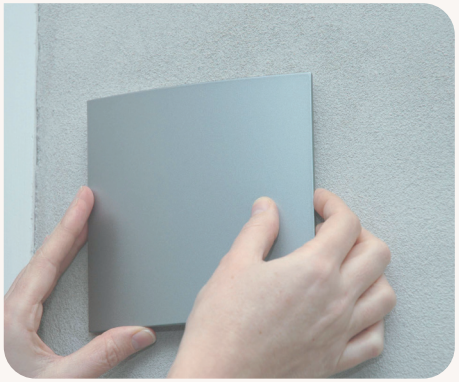
CurveSign

Mounting of individual signs

1.
The back plate is screwed to the wall.

2.
The sign is placed onto the back plate.



3.
The sign is slid 5–10 mm to the side.

4.
The sign and back plate click together and lock.

Dismounting of individual signs

1.
Place the magnetic key at the center of the sign.

2.
The lock is released from the sign plate, and the sign is slid to the side.

3.
Remove the sign.
